PROFESSIONAL SUMMARY

UI/UX Designer focused on creating clean, intuitive, and conversion-driven digital experiences. Designs user flows, wireframes, and responsive interfaces that simplify journeys, improve usability, and support business goals.

PROFESSIONAL EXPERIENCE

UI/UX Designer

MaaBooking | 2024 – Present

- Designed an end-to-end booking experience, improving usability and reducing friction across key user journeys.
- Produced wireframes, interactive prototypes, and high-fidelity UI in Figma to validate flows and accelerate iteration.
- Simplified navigation and interaction patterns to improve clarity and consistency across core booking screens.
- Built and maintained a reusable component library to ensure visual consistency and speed up design delivery.

KEY PROJECTS

MaaBooking Platform – UI/UX Case Study

- Redesigned the booking flow to reduce drop-offs by clarifying steps, minimizing form friction, and improving error handling.
- Improved information hierarchy and CTAs to guide users through search, selection, and checkout with fewer decision points.
- Designed responsive layouts and reusable components to ensure consistency across mobile and desktop breakpoints.

Outcome: Improved clarity in user journey

HectoNow – UI/UX & Branding

- Designed a delivery platform UI and end-to-end user journey, focusing on clear task flows and fast decision-making.
- Created a cohesive logo and brand identity system (typography, color, and components) to strengthen product recognition.
- Built a consistent visual system and clickable prototype to communicate interactions and support stakeholder feedback.

Outcome: Strong branding with clean UX
